## SUMMARY

Web Developer with hands-on expertise in React.js, Next.js, Node.js, Python Django, HTML, CSS, Tailwind CSS, Bootstrap, and PHP, building responsive user interfaces and scalable backend systems. Delivered 2+ freelance client projects with full-stack solutions, custom domain setup, SEO optimization, and cloud deployment. Experienced in deploying applications on Netlify, Vercel, and Render, managing databases across 5+ platforms including MySQL, MongoDB, MongoDB Atlas, Firebase, and Supabase. Actively applies emerging AI tools like Claude AI, Cursor AI, and Antigravity AI to accelerate development workflows. Skilled in Google Search Console, domain management, and real-world deployment — seeking a Web / Full Stack / Cloud role to deliver clean, performant, and production-ready web solutions.

## SKILLS

Frontend: **HTML, CSS, JavaScript, Bootstrap, Tailwind CSS React.js, Next.js**

Backend: **PHP, Node.js, Express.js, Python Django**

Database: **MySQL, MongoDB, MongoDB Atlas, Supabase, Firebase**

Tools: **GitHub, VS Code, Postman,**

AI Tools: **Claude AI, Cursor AI, Antigravity AI**

SEO & Web: **Google Search Console, SEO Optimization**

Deployment : **Netlify, Vercel, Render, GoDaddy(Domain Management)**

Office: **MS Office (Word, Excel, PowerPoint, Outlook)**

Other : **Responsive Design, Web Animation, REST API, Analytical Thinking, Client Communication, Team Collaboration**

## EXPERIENCE

### Full Stack Developer Intern (Academic Internship)

**VDart Academy**

**Apr 2026 – Jun 2026 | Trichy**

- Collaborated in a team to build a Supply Chain & Warehouse Management System using Python Django, React 18, Tailwind CSS, and SQLite with REST APIs.
- Implemented **Role-Based Access Control (RBAC)** with **JWT authentication**, OTP multi-factor verification, and login activity logging with IP tracking.
- Developed inbound shipment workflows including **GRN processing, Code128 barcode generation**, and automated putaway algorithms with zone & shelf matching.
- Built interactive **role-specific dashboards** with Recharts for real-time inventory analytics, stock movements, vendor scoring, and low-stock alerts.
- **Implemented PDF parsing (pdfplumber)** for vendor agreement uploads, GSTIN validation, and automated column mapping.
- Configured and tested **REST APIs using Postman**, managed local development environments, and collaborated using **Git/GitHub** for version control.

## PROJECT

### Magizhchi — ERP, POS & E-Commerce System

Freelance Client Project • <https://magizhchigarments.vercel.app/>

- Built a full-stack **omnichannel retail ERP** for a garments client with D2C E-Commerce storefront, in-store **POS**, real-time inventory sync, **Razorpay** payments, GST engine, coupon system, WhatsApp billing, and thermal receipt generation using **React 19, Node.js, Express.js, MongoDB Atlas & Tailwind CSS**.
- Designed **25 MongoDB collections** with ACID-safe transactions, 15-min cart reservation, multi-tab POS checkout, wastage audit, supplier ledger, and staff commission tracking. Deployed on **Vercel/Render** with SEO optimization.

🔗 **More projects available at:** <https://lourduportfolio.vercel.app/>

## EDUCATION

### Information Technology - Bachelor of Computer Applications (BCA)

St. Joseph's College (Autonomous) • Tiruchirappalli • May 2026 • 7.53 CGPA (75%)

- Gained practical industry exposure through freelance work and internship while maintaining consistent academic performance.

## ACHIEVEMENTS / CERTIFICATIONS

### AI Trainer & Curriculum Developer - Sprouts Organization (MSME)

**Jan–Feb 2026 | Trichy**

- Conducted "AI for ALL – 2026" National Level Student Workshop as AI Trainer for 2 days
- Designed end-to-end AI/ML curriculum covering Supervised & Unsupervised Learning, classification, regression, and hands-on WEKA AI sessions.

### Hackathon & Industry Visit – Full Stack Web Suite (VDart Academy)

**Nov 2025 | Trichy**

- Strengthened full-stack development skills through an industry-level hackathon focused on real-world web practices.

### Typewriting English (Senior & Junior Grade) -Govt. of Tamil Nadu, Dept. of Technical Education

- Senior Grade – First Class (45 WPM) – 2020

- Junior Grade – First Class with Distinction (30 WPM) – 2019
